

## QLHe20M Helium Liquefier Up to 25 liters/day

Quantum mobile liquefier

### Features:

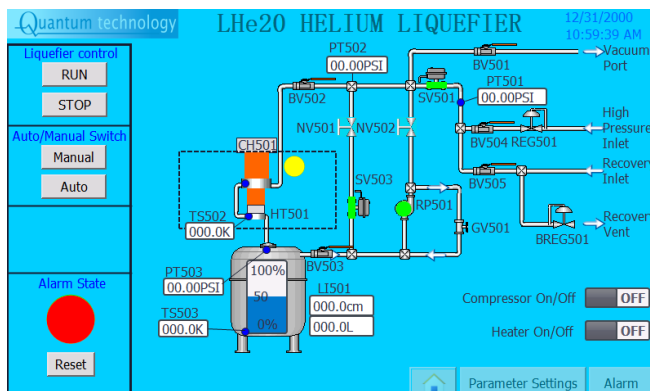

- Recycles costly helium boil-off
- More cost efficient than buying helium
- Easy to move to different labs/consuming instruments
- Fully automated and operates with no/minimal monitoring
- Easy to install, small floor footprint

### Components:

- QCH4KH - G-M coldhead and QLHeW compressor
- Auto-control including computerized pressure control
- Safety protection unit
- Elevated platform

### Specifications:

- QLHe20M: 20L/day He liquefaction capacity (one coldhead):  
>25 liters per day at 10 psig 60 Hz  
>20 liters per day at 2 psig 60 Hz
- Quick disconnects for water, power, ethernet communication
- Easily transportable
- 150 liter dewar standard

Quantum mobile liquefier HMI,

most modern in its class

If your helium bill is significant,

Quantum may have a solution for you.
